THETA THETA CHAPTER OF SIGMA CHI FRATERNITY | UNIVERSITY OF MICHIGAN | WINTER 2023

Alumni brothers gather for a Michigan football tailgate.

Tailgates provide a great opportunity for our alumni to come together and cheer on the Wolverines.

A HEALTHY ALUMNI NETWORK

Tailgates, Reunions, and More

One of the great things about being a Michigan alumnus is the opportunity to come back to Ann Arbor on fall Saturdays to enjoy a football game and reconnect with our brothers. Right now, the House Corporation has a direct line to photos of groups from the '70s and '80s that are getting together, but we know there are many more of you making your way into town. Please send your pictures my way and we will get them posted on our website, thetatheta.com.

You are welcome to stop by the Chapter House any time, of course, but our undergraduates are probably most ready for a visit on Homecoming weekends. Aside from football, our undergraduates are always working on opportunities to connect with our alumni. The possibilities include golf, career night, spring game tailgate, etc. We will publish details as they are available, so be sure to stay in touch! A biographical update is included with this issue—be sure to verify that your contact information is up to date!

The House Corporation wants to be a resource as our alumni are planning group gatherings, especially for those of you targeting a special year reunion. Will the class of 2013 be having a 10th year celebration? Or maybe a 25th for '98, or a 40th for '82? **If you are interested in taking the reins to get the ball rolling for your group**, we can help with the available contact information we have and publicizing via the website or *Wolverine Sig*. We can also coordinate visits/tours at the house with the undergraduates. Maybe a bed in the attic?

Many of us continue to enjoy the lifelong bonds we made as members of Sigma Chi. It is also a great benefit to our undergraduate Chapter when our alumni visit, share stories, and show them what is available to them in the future. As you get together, please include the House Corporation on the details so we can publish your stories and photos.

Let us know about any way we can help with the planning process!
